PLACEMENT PROCESS

Recruitment at IIM Visakhapatnam is a rolling placement process, coordinated by the Office of Career Development Services (CDS), together with the Student Placement Committee. The Institute provides all support in terms of infrastructure and facilities for smooth conduct of the process, which is open to all eligible students.

PRE PLACEMENT TALKS

PPTs provide an opportunity for students and companies to interact with one another and exchange information. A PPT is typically of 45 minutes, during which, the company representatives speak about their organization and the employment opportunities on offer. A Q&A session forms part of the PPT. Students use these interactive sessions to understand the organization better and assess their own suitability.

STUDENT APPLICATIONS

Drawing upon the company presentation and their own individual career interests, students apply. Applications can be made on company provided forms or as resumes as per company requirements. Applications are forwarded to the company within the specified time frame. Companies are provided enough time to evaluate the applications and shortlist suitable candidates.

SHORTLISTS

Companies are requested to send shortlists to the CDS Office at least one week prior to the commencement of final placement interviews. Subsequently, during their visit to the campus, companies interview the shortlisted candidates and extend job offers to those selected.

INTERVIEWS AND OFFER LETTERS

Companies make employment offers to students who emerge successful in the interviews. Students accept the offers based on the Institute's Placement Policy. Companies are requested to send formal offer letters to the CDS Office, within two weeks from the interview date.
