KEY HIGHLIGHTS

OVERVIEW

IIM Visakhapatnam lived up to its reputation of being a top-notch business school in the country and completed its final placements with a perfect century, yet again, for the graduating batch of its flagship PGP (MBA) Program (2018-20). Beating the seasonal headwinds and building on the successful record of the past, the Institute's students not only bagged niche roles with industry leaders, but also went a step further to create new records in the rich-profile roles and packages won. The unmatched strengths of the Institute and its students were thus in full display, yet again!

IIM Visakhapatnam has always valued all of its recruiters and has been grateful for the opportunities that they have provided our students. We are very proud of the relationship that we share with our esteemed recruiters and work regularly towards building on it year by year. This year also has been no different. Not only did we manage to bring in more recruiters than last year, but we also expanded our portfolio in terms of the roles, being offered to our students.
